ILPES
Programme of work 2020
Programme of work of ILPES: 1 January – 31 December 2020

• New annual cycle
  – As part of United Nations reform
  – Beginning in 2020

• Challenge
  – Compresses and accelerates processes
  – More rapid planning, implementation and reporting
  – We need more clarity on the demand from the countries
Objective of the programme of work of ILPES for 2020

Improve planning and public administration processes for the progress of equitable and sustainable development

Key accomplishments

1. Broaden training through face-to-face and e-learning, and additional methodological tools aimed at closing at least one of the gaps identified in the implementation of the 2030 Agenda.

2. Develop and use technical materials for knowledge transfer for territorialization of the SDGs by strengthening territorial governance, planning and public policy management.
How will ILPES fulfil its mandate?

Modalities
- Training
- Technical cooperation
- Applied research

Capacity-building in two areas
- Planning for development
- Implementation and evaluation of planning

Accomplishment 1

Exchange and better cooperation

Accomplishment 2

Resources
- Communities of practice
- Expert networks
- Observatory
- PlanBarometer
- Critical barriers

Topics
- Strategic planning
- Territorial planning
- Prospective studies
- Results-based management
- Public investment
- Evaluation of public policies, plans and programmes

Cross-cutting topics
- Open government
- Public leadership
- Citizen participation
- Gender
Mandates and lines of work in continuity

**Capacity-building in two areas**

- Accomplishment 1
  - Planning for development
  - Implementation and evaluation of planning

- Accomplishment 2
  - Exchange and better cooperation

**Modalities**

Challenge: how can we respond to the demands of implementing the 2030 Agenda?

• How to continue research in order to:
  – Inform our training work?
  – Keep up to date and remain relevant?
  – Propose innovations and public goods?

• How to share expertise, experience and data?

• How to nourish strategic partnerships?
  – With partners who are constantly updating?
  – In expert networks within the United Nations and beyond?

• With ever fewer resources?
